| Examination | University | Institute | Year | CPI / % |
|---------------|------------|-------------------------------|------|---------|
| Graduation | DBATU | SVKM's IOT, Dhule | 2026 | 7.65 |
| Intermediate | HSC | Jaihind Junior College, Dhule | 2022 | 78.50% |
| Matriculation | SSC | Jaihind High School, Dhule | 2020 | 90.00% |

WORK EXPERIENCE

AI Intern

(2024)

[TechSaksham](#) – A joint CSR of [Microsoft](#) & [SAP](#)

- Developed an AI-powered health assistant for symptom analysis and health tracking.
- Implemented medication management and medical insights features.

Full Stack Developer Intern

(2024)

IEEE Bombay section [Alhansat Solution, Mumbai](#)

- Worked with seniors at Alhansat Solution on full-stack projects using HTML, CSS, JavaScript, React.js, Node.js
- Gained Git experience and improved teamwork skills.

Software Developer Intern

(2023)

[Sumago Infotech, Nashik](#)

- Developed Python applications with senior developers, focusing on industry projects using Flask, Django, and NumPy.
- Debugged code and ensured project quality within deadlines.

PROJECTS

JALSETU App- O&M Maintenance Tool For JJM

(Smart India Hackathon, 2024)

- Developed **JalSetu App** for real-time tracking and predictive maintenance of water supply systems under JJM.
- Integrated **Mapbox/ArcGIS** for asset management and **Razorpay API** for secure payments and billing.
- Enabled consumer management, automated notifications, and multilingual support for accessibility.

AI-Enhanced Self-Learning Platform

(2024)

- Developed an interactive learning platform using OpenAI API, Streamlit, and Python.
- Enabled PDF conversations, question generation from YouTube videos, and customizable difficulty levels for personalized learning.
- Tech Stack: HTML, CSS, JavaScript, Bootstrap, PHP, MySQL, OpenAI API, scikit-learn.

SKILLS

| | |
|--------------------|---|
| Programming | Python, Java, C |
| Frameworks | React.js, Express.js, Node.js |
| Databases | SQL, MongoDB |
| Tools | Excel, MySQL, Git- GitHub, Canva, Star UML. |
| Soft skills | Leadership qualities, communication, Strategic Thinking, Growth Mindset |

CERTIFICATION

- **NPTEL** - Programming in Java (2024)
- **Infosys Springboard** - Python Foundation Certification (2022)
- **Spoken Tutorial** - Programming in C (2024)
- **Spoken Tutorial** - Programming in C++ (2024)
- **Young Professional Course** - TCS iON Carrier Edge (2024)

EXTRA CURRICULARS

- Served as the Membership Chair of SVKMIOT ACM Student Chapter (2024)
- Lead the management of a National Level Mega Technical Event Technocave. (2022)
- Anchored and hosted over 10 college level events.

ACHIEVEMENTS

- **Runner-Up, Smart India Hackathon 2024** – Awarded for an efficient water supply management solution.
- **Winner, Google Notes Championship 2024** – Recognized for technical excellence in a competitive setting.
- **Winner, INITHACKS 2023** – Developed an innovative deepfake voice recognition system.
